Part Number: **P400270100021**

€ 503,26 + VAT

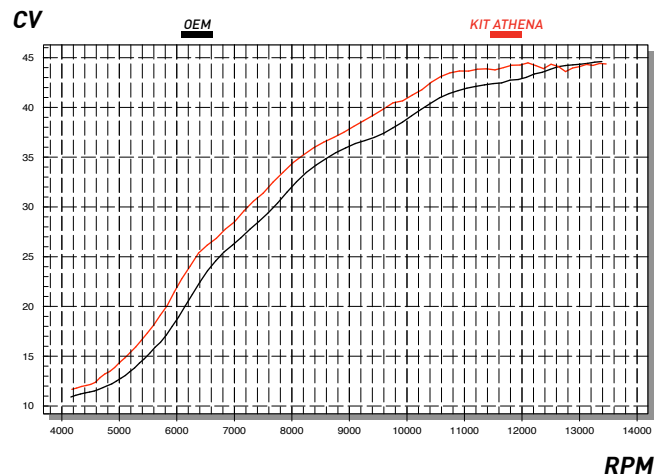

Athena, always focus to the market needs, is today launching the NEW BIG BORE Cylinder Kit for KTM SX-F250. The nickel silicium coated cylinder is matched with a forged piston lighter than the OE, to reach best performances and reliability. The kit is bolt on, ready to be installed in the engine without any modification. The gaskets have been developed using last generation technologies; in particular the multilayer head gasket provides a new system of reliefs that guarantees a perfect seal even at high temperatures. Athena brings all the experience and technology used in the production of OE cylinders also into this aftermarket cylinder kit, manufactured with CNC machines; this allows to reach an unbeatable value for money.

TECHNICAL DATA

WHEEL POWER

	Unit of Measure	OEM	KIT Athena
